## Burgundy Blanc

*Chardonnay at its finest. "Plant your vines where the snow melts first" has long been a saying that points vigneron to plots with the most sunlight. When chardonnay is planted in sunlight on this kind of unique limestone, a lustrous terroir manifests in the glass.*

## Jura Blanc

*A favorite region among wine geeks. Located east of Burgundy, winegrowers in Jura produce some of the most mysterious wines in all of France. Think rustic farmland, hearty cuisine, and traditional, old-school winemaking. These are wines for a ponderous mood. You'll find a wide variety of styles splayed out on a flor spectrum. There are "regular" white wines on one end of the spectrum; on the other end, you'll find flor-influenced wines that taste more like a dry fino sherry. The more flor there is, the more you will want to pair this wine with shellfish...*

## Rhône Blanc

*The howling Mistral wind makes it practically impossible for anything but low-growing shrubs to grow, thus here we find gnarly, bush-trained vines among hedges of equally tough lavender, rosemary, and thyme. These whites are as bold, tenacious, and floral as their environment.*

## Cru Beaujolais Rouge

*It would behoove us all to pay more attention to the region of Beaujolais.*

*The Crus of Beaujolais produce wines that are rich, yet approachable.*

*By law, they must all be hand-harvested. Yet despite this meticulous vineyard work, most Cru Beaujolais wines are around \$90.*

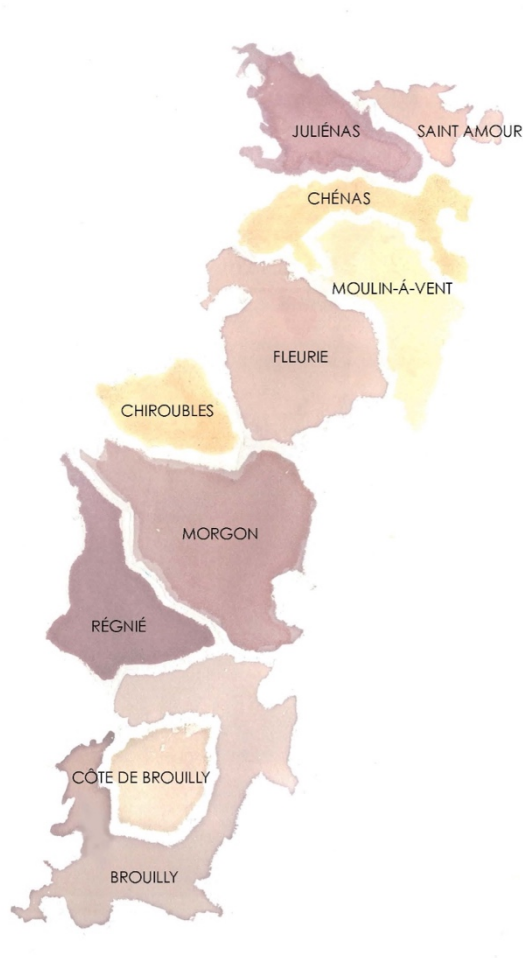

*These wines ignite a great synergy with food, as they support cuisine without overpowering it. Forget Beaujolais nouveau, below you will find a curated collection of gems from this overlooked region.*

## Rhône Valley Rouge

*The Rhône River winds through the inhospitable rocky hills in the north to the gallet-studded plains in the south. The gobelet-trained vines look like small shrubs. The fruit they produce is taut and flavorful. Here there is a democracy between many grape varieties, from picpoul to syrah. The biodiversity and variation in the soil translates to a wide spectrum of flavors and styles.*

## American Red

*We have come so far since the days of Prohibition. Just a century ago we were preparing to shut down American wineries left and right. Generations later, the wine industry in the US has bounced back with incredible force. The benchmark wineries below have come a long way in exploring and pushing the envelope of what American terroir can express. The next generation of US wine will build upon their work.*

## Wines of Virginia

Here are a few of our favorites from Virginia's world class wine region....

### Castle Hill Cider - Terrestrial 2019 \$45

*A producer of truly world-class cider. The style of Castle Hill rivals the best of Normandy. We are huge fans of these dry and complex offerings. A dry, refreshing blend of crab and heirloom apples provides structure for citrus notes. 100% estate grown.*

*Apples: Golden Russet, Albemarle Pippin, Hewes, Dolgo*

### Wisdom Oak - 'Nineteen' Bordeaux Style Blend 2019 \$79 (610)

*Jason and Laura Lavalley purchased this North Garden, boutique winery in 2015. Jason is in control of the vineyard management and winemaking. They still do it all by hand. Jason taught me how to prune vines during the pandemic. Laura is the heart and soul behind the tasting room and picnic areas.*
